- MS Office
- Computer Fundamentals
- Python
- Power BI
- Tableau
- Pandas

PROJECTS

• Retail Sales SQL Analysis Project | SQL

GitHub: https://github.com/workwithakash007-dev/Sql_retail_sales_project

Analyzed retail sales data to identify sales trends, customer purchasing behavior, and product performance.

Performed data aggregation, filtering, joins, and KPI calculations using SQL queries.

Created analytical reports to generate business insights and support data-driven decision-making.

• SQL Data Cleaning Project – Layoffs Dataset | MySQL

GitHub: <https://github.com/workwithakash007-dev/sql-layoffs-data-cleaning>

Cleaned and transformed a real-world layoffs dataset using MySQL.

Removed duplicate records, standardized data formats, and handled missing values.

Utilized CTEs, Window Functions, and data validation techniques to improve data quality and prepare data for analysis.

• Library Management System Project | SQL

GitHub: <https://github.com/workwithakash007-dev/library-management-system-sql>

Designed and developed a relational database management system for managing library operations.

Created normalized database schemas, relationships, primary keys, and foreign key constraints.
Implemented SQL queries for book issuance, returns, inventory tracking, and reporting.

• **Portfolio Website | HTML, CSS, JavaScript**

Live Website: <https://workwithakash007-dev.github.io/My-Portfolio/>

Developed a responsive personal portfolio website to showcase projects, technical skills, and contact information.

Designed a user-friendly interface with mobile-responsive layouts.

Optimized navigation and overall user experience across devices.

SOFT SKILLS

- Communication
- Problem Solving
- Time Management
